CHABLIS - FRANCE

## SAINT-BRIS “RÉSERVE SAINT-PIERRE”

---

### VINEYARDS AND TERROIR

100% Sauvignon Blanc

The vineyards of Saint-Bris are located approximately fifteen kilometres from Chablis. This is the only place Sauvignon Blanc grapes are grown in Burgundy.

### VINIFICATION AND AGEING

This wine is entirely vinified in temperature-controlled stainless steel tanks in order to preserve all of the freshness and aromas and flavours typical of the Sauvignon Blanc grape.

Aged for 8 months on very fine lees in stainless steel tanks.

### TASTING NOTES

Fresh, fruity nose boasting aromas of citrus fruit and boxwood.

Fresh and vivacious on the palate with a combination of vegetal and floral notes. Extremely refreshing.

### SERVING

Serve at between 9 and 10°C.

This is an excellent wine to serve as an aperitif. It is also a fine match for shellfish and goat's cheeses.

Ideally enjoyed when young to best appreciate its fruitiness.

May also be cellared for up to 2 years.
